

ADITYA KUMAR CHAURASIA

Full-Stack Web Developer (MERN) 📍 Delhi, India | ✉️ [adityachaurisa106@gmail.com] | 🔗 [https://aditya-dev-port.vercel.app/] | 🧑‍💻 [https://github.com/adty34]

CAREER OBJECTIVE

Highly motivated Self-Taught Full-Stack Developer with a strong foundation in the MERN stack. Passionate about writing clean, industry-standard code and building scalable web applications. Quick learner with a proven track record of project-based learning and consistent version control practices.

TECHNICAL SKILLS

- Frontend: HTML5, CSS3 (Responsive Design), JavaScript (ES6+), React.js.
- Backend: Node.js, Express.js, MongoDB (MERN Stack).
- Tools & Platforms: Git, GitHub (Daily Commits), Vercel (Deployment), Font Awesome.
- Industry Standards: Component-based Architecture, Data-Attributes, CamelCase Naming, Mobile-First Design.

KEY PROJECTS

Personal Portfolio Website

- Developed and deployed a fully responsive portfolio to showcase professional projects.
- Tech Stack: React.js, CSS, Vercel Analytics.
- Outcome: Achieved high performance and clean UI/UX standards.

NGO Volunteer Management System

- Built a platform for NGOs to manage volunteer sign-ups with automated communication.
- Key Feature: Integrated automated email notifications for new user registrations.
- Tech Stack: MERN Stack, Form Handling.

UPI Application Clone (UI/UX Focus)

- Designed a multi-page interface mimicking a digital payment app to practice complex layouts and data handling.
- Tech Stack: HTML, CSS, JavaScript logic.

EDUCATION

- 12th Grade (Higher Secondary) | *Completed 2018*
- 10th Grade (Secondary) | *Completed 2016*
- B.Tech (E.C.E) from MUIT | completed 2022

STRENGTHS

- Consistent Coding: Dedicated 4+ hours daily to project-based coding and logic building.
- Debugging: Proficient in troubleshooting CSS overflow issues and terminal/script errors.
- Hardware Knowledge: Strong understanding of high-performance PC architecture and processors.

PROFESSIONAL EXPERIENCE

Tech Mahindra | *Client Management & UI/UX Designer 1 Year*

- Managed client relationships and requirements to ensure project alignment and satisfaction.
- Designed user-centric interfaces (UI) and improved overall user experience (UX) for web applications.
- Collaborated with cross-functional teams to deliver high-quality design solutions.

Flipkart | *Employee Trainer & Code Quality Analyst 2 Years*

- Conducted technical training sessions for new employees to streamline onboarding and performance.
- Act as a Code Quality Checker, ensuring all scripts and code met company standards and best practices.
- Reviewed technical workflows to identify and fix efficiency bottlenecks.

Self-Directed Development

- Dedicated to a rigorous self-learning journey focus
- Building a portfolio of "industry-level" projects with a focus on clean architecture
- Maintaining a consistent daily coding routine to master complex logic and deployment workflows.
